

# ANDREWS ACADEMY

# Summer Camp

Explore Learn Play

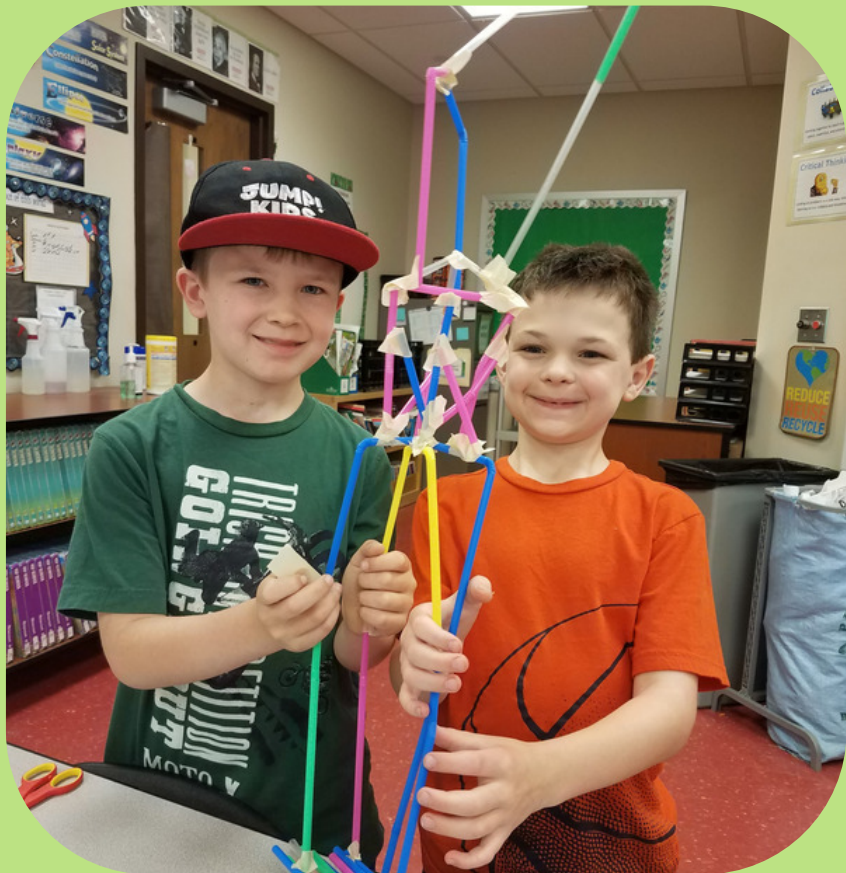

Andrews Academy Lake St. Louis Summer Camp is a fun-filled learning experience for elementary aged kids! Our program is designed to teach new skills in a familiar, caring, and safe environment. A wide range of opportunities for extending thinking skills, athletic development, creativity and social responsibility are presented with fun in mind.

We offer three sessions throughout the summer. You may choose to join us for one, two or all three sessions of camp. Camp begins at 9:00 each morning and ends at 3:30 in the afternoon. Drop off for extended day begins at 6:30 a.m. and all children must be picked up by 6:00 p.m.

Each week of camp is enhanced with a field trip to a local attraction and to a swimming pool. All field trips, breakfast, lunch, snacks, materials and extended day are included in camp fees.

**We welcome each child as a unique individual and strive to foster self-confidence, self-discipline, independent initiative for learning, consideration for others, and accountability for one's own actions. In promoting a quality program based on our guiding principles, we expect students to attain success.**

# Packages

## Kindergarten and First Grade Explorers

Calling all incoming Kindergarten and First Graders to explore their world through science, math, reading, crafts and movement! Our young explorers will encounter creative activities that reinforce and enhance school skills with having fun!

## Sports Spectacular

Second-Sixth grade athletes of all levels will have have a blast learning about and playing a variety of sports and games while building skills and sportsmanship. Stay active, improve your skills and have fun with your friends during Sports Spectacular.

## Crafts

Arts and Crafts Camp will consist of a variety of activities to let campers use their creative side! Campers will be using materials that range from "traditional" craft supplies to "nontraditional." It's a package to get creative and messy! Available to second-sixth graders.

## STEM

STEM camp is divided into 10 one week programs to keep the camper fully engaged in all areas of STEM.

Please see next page for more information on each weeks' topic.

Session 1  
June 4- 22  
\$825

Session 2  
June 25-July 20  
\$1100

Session 3  
July 23-August 10  
\$825

# STEM Packages

STEM programs are provided by Little Scholars.

Available to second through sixth grade campers

## Week 1-Builders

Calling all inventors, creators, builders and designers! Come build some awesome creations with us! We will create our own designs and make structures using recyclable materials, Legos and many other interesting items!

## Week 2-Science Exploratorium-Part 1

Come discover, experiment and create as we learn about the colliding worlds of art and science in this STEAM-based camp. We will create biomes, star gaze, master meteorology, investigate how things work and dabble in chemistry and physics. Put on your learning cap and grab the art supplies because this STEAM camp will rock your world.

## Week 3-Super Sleuths

Get out your magnifying glasses and detective hat as we search for clues to decipher and crimes to solve. We'll put our critical thinking skills and STEM knowledge to the test and get to the bottom of mysteries by learning the tricks to solve cases. While experimenting with simple detection techniques, our reasoning skills will grow and your problem solving skills will become better than CSI agents.

## Week 4-Out of This World Mania

5,4,3,2,1 BLAST OFF to a galaxy far, far away to learn about Earth and the amazing solar system. Discover all things galactic such as comets, planets, shooting stars, rockets and more. Learn about flight, the adventures of space travel and participate in a rocket launch!

## Week 5-National Treasure Hunt

Celebrate Independence Day with the ultimate treasure hunt. Unravel mysteries, crack clues and decode cyphers to unlock the secrets to our nation's history. Learn to solve a variety of complex coded puzzles as you delve deep into the symbols of our past.

## Week 6-Science Exploratorium-Part 2

See Week 2 for description.

## Week 7-Wonders of Ancient Art

Take a journey back in time to the mysterious world of Egyptian Pyramids, Greek Gods and the Roman Empire. The wonders of this class will lead you on an exploration of hieroglyphics, ornate masks, and mosaics, all while competing in ancient Olympic Games

## Week 8-Whiz Kids

Join us on a science discovery mission! We will explore the worlds of chemistry, engineering, and earth science through experiments and encounters. This program will enhance STEM education philosophies with a big punch of fun.

## Week 9-Amazing Adventures

We are going to take you on an adventure. We will fill your days with submarines, a gold rush, time machines and many more amazing activities. Not only will you have an amazing time, but you will sharpen your reasoning skills, increase processing speed and broaden your creative mind!

## Week 10-Science Exploratorium-Part 3

See Week 2 for description.
