Andrews Academy-Lake St. Louis  
Summer Camp

Andrews Academy Lake St. Louis Summer Camp is a fun-filled learning experience for elementary school aged kids! Our program is designed to teach new skills in a familiar, caring and safe environment.

A wide range of opportunities for extending thinking skills, athletic development, creative fulfillment and social responsibility are presented with fun in mind.

We offer three sessions throughout the summer. You may choose to join us for one, two, or all three sessions of camp. Camp begins at 9:00 each morning and ends at 3:30 in the afternoon. Drop-off for extended day begins at 6:30 a.m. and all children must be picked up by 6:00 p.m.

Each week of camp is enhanced with a field trip to a local attraction and to a swimming pool. All field trips, breakfast, lunch, snacks, materials and extended day are included in camp fees.

## [2017 Sessions]

Session 1    \$1100

May 30-June 23

Session 2    \$825

June 26-July 14

Session 3    \$1100

July 17-August 11

# Packages

## Kindergarten and First Grade Explorers

Calling all incoming Kindergarteners and First Graders to explore their world through science, math, reading, crafts, and movement! Our young explorers will encounter creative activities that reinforce and enhance school skills while having fun!

Sessions 1, 2, and 3

## Movie Magic

Lights, camera, action! Movie Magic will introduce Second – Sixth Grade kids to the techniques, language and the process of film making. Campers will produce, edit and format a short film. These future behind the scenes movie moguls will receive a digital copy of their blockbusting masterpiece!

Session 3

## Sports Spectacular

Second – Sixth Grade athletes of all levels will have a blast learning about and playing a variety of sports and games while building skills and sportsmanship. Stay active, learn new games, improve your skills and have fun with your friends during Sports Spectacular!

Session 1 Flag football and Volleyball

Session 2 Soccer and Wiffle ball

Session 3 Basketball and Water activities

## Crafty Creations

What would summer camp be without crafts? Second – Sixth Grade campers will create crafts that might inspire their parents to recall memories of their summer camp days. Our crafty campers will create masterpieces with a variety of materials that might include Popsicle sticks, yarn, pipe cleaners, and tissue paper but will most definitely not be made from a kit!

Sessions 1, 2, and 3

## Imagineering

Second – Sixth Grade engineers will be inspired to ask questions, problem solve, and build natural curiosity through hands-on project based learning.

Campers will discover the excitement of using their critical thinking skills, team work, perseverance and imaginations to create and build solutions using the components of Science, Technology, Engineering and Math.

Session 1

## Brain Games

Second – Sixth Grade campers will discover the power of their brains through mind-blowing activities and interactive experiments. Campers will use both sides of their brain and sharpen their thinking skills during Brain Games!

Session 2

We welcome each child as a unique individual and strive to foster self-confidence, self-discipline, independent initiative for learning, consideration for others, and accountability for one's own action. In promoting a quality program based on our guiding principles, we expect students to then reach their potential to attain success.
